TO: Minerals File

FROM: Lynn Kunzler, Reclamation Specialist 

RE: Site Inspection, Hansen Stone Quarry, Sanpete White Stone Quarry, S/039/007, Sanpete County, Utah

Date of Inspection: September 10, 1996
Time of Inspection: 2:30 p.m.
Conditions: Windy, threatening rain, heavy cloud cover
Participants: Lynn Kunzler, DOGM

Purpose of Inspection: To evaluate the site while in the area

No one was at the site at the time of this inspection. Since the last rain storm no one has been into the quarry. Although, since the last inspection of this site, it has expanded some to the east and north. There is about an eight foot highwall there now along the edge. The total disturbance of the quarry is about 1 acre. Several photos were taken to document current conditions.
